THE SAFETY OF ALL OUR GUESTS IS PARAMOUNT

- Loud music, generators, gas or open-flame grills, and beer kegs are prohibited. Be considerate of your neighbors. Do not erect umbrellas, flags, or banners that impede other guests' views of the races. NO DRONES PERMITTED.
- Listen to the Public Address system for emergency and safety announcements.
- Act responsibly! Public drunkenness, disorderly conduct, substance abuse, and serving alcohol to minors **WILL BE PROSECUTED!**
- Tailgate Parking Spaces will accommodate vehicles no larger than 78.7' wide, 206' long, and 77.8' high. SUVs and minivans are acceptable, full size vans and commercial vehicles are not.

The Designated Driver tent will provide complimentary soft drinks to all registered designated drivers.

TENT AND OTHER CANOPY COVERINGS RULES:

We take great efforts to make this a safe environment for all guests. Therefore, the installation of any type of covering—tent, awning, canopy, or large umbrella—is prohibited:

- The event site can be extremely windy, creating unpredictable conditions throughout the day.
- Coverings obstruct the views of others and cause safety concerns.
- Coverings extend the designated allotment of the tailgate parking space causing an ingress and egress safety factor for you and the Delaware State Police in the event we need to get emergency equipment to an area.
