In the House and Galleries

Winterthur is the living vision of collector and horticulturist Henry Francis du Pont (1880–1969), who opened his beloved childhood home to the public in 1951. Regarded as one of America’s most beautiful historic homes and mansions—on par with Biltmore Estate, The Breakers, Monticello, and Hearst Castle—visitors from around the world marvel at du Pont’s elegantly furnished home in which he entertained family and friends in grand country-house style and displayed his collection of American antiques. **Members have unlimited access to introductory tours** of du Pont’s former home, plus special discounts and access to reserved tours.

The Winterthur Galleries showcase the very best of American craftsmanship and design and world-class changing exhibitions. **Members enjoy free or discounted pricing to programs and events.**

In the Garden

Du Pont’s garden, a 60-acre masterpiece of color and design, is world renowned for its unsurpassed beauty. Members are welcome to explore the garden any time from dawn until dusk. Our garden has something for everyone! Enjoy a leisurely picnic set amid the rolling landscape of our 1,000-acre estate, or take a fitness hike or run on miles of trails and roads. Kids of all ages can enjoy Enchanted Woods, our award-winning children’s garden.
