### The life of flowers

1. As flowers grow, what stage comes before what? Use numbers (1 – 5) to put the words below in the right order.

\_\_\_\_\_ leaves    \_\_\_\_\_ seeds    \_\_\_\_\_ bouquet    \_\_\_\_\_ sprouts    \_\_\_\_\_ petals

2. What three things do flowers (and most plants) need to grow?

A \_\_\_\_\_ W \_\_\_\_\_ S \_\_\_\_\_

3. Think about roses and daisies. How would you describe each of them? What makes them alike? What makes them different? Use “flower words” to talk about them, such as *scent*, *petals*, *stem*, *bloom*. If you need more space, use the back of this worksheet.
